Confidentiality (keeping things secret)

The School understands that you may wish to talk about a problem only if it is kept secret. In some cases this is possible, but there are circumstances where the School has a duty to pass on information to ensure that the correct action is taken and that you are kept safe. Do not let this stop you from raising concerns or saying when you are worried or upset. Most pupils who find the courage to speak up say afterwards that it helped them enormously and that the problem did not seem quite as bad once they had a chance to talk it through with someone experienced and helpful.
